

PROJECTS UNDER THE SCHOOL OF LISBE

S/N	Project Title	Donor	Implementation status	PI
1	Program for Enhancing the Health and Productivity of Livestock	Bill and Melinda Gates Foundation (BMGF)	Running	Prof. Joram Buza
2	SEEDZ (Social economic and environmental drivers of zoonoses)	Biotechnology and Biological Sciences Research Council (BBSRC)	Running	Prof. Joram Buza
3	AgriTT Project (Evaluation of Breed Composition, Productivity and Fitness for Smallholder Dairy Cattle in Emerging Dairy Regions of Tanzania)	DFID	Running	Dr. Fidalis Denis Mujibi
4	Developing a framework for decision support tools to optimize smallholder dairy productivity in East Africa (PEARL)	Bill and Melinda Gates Foundation (BMGF)	Running	Dr. Fidalis Denis Mujibi
5	Predicting the vulnerability and improving resilience of the Maasai communities to Vector Borne infections	World Health Organization (WHO)	Running	Prof. Paul Gwakisa
6	Improving Productivity in Smallholder Dairy Farms in Lushoto District, Tanzania Through Application of Innovative Technology for Animal Feeding and Health Management	Regional Universities Forum for Capacity Building in Agriculture (RUFORUM)	Running	Dr. Liliane Pasape
7	Molecular epidemiology of Brucellosis	Biotechnology and Biological Sciences Research Council (BBSRC)	Running	Prof. Joram Buza
8	ILR	International Livestock Research	Finished	Prof. Moris Agaba
9	HAZEL (Hazards associated with zoonotic enteric pathogens in emerging livestock meat pathways)	Biotechnology and Biological Sciences Research Council (BBSRC)	Running	Prof. Joram Buza
10	Zoonotic and Emerging Livestock Systems (ZELS)	BBSRC, dstl, UKaid, NERC, MRC	Running	Prof. Joram Buza
11	Project for Enhancing the Health and Productivity of Livestock (PEPHL)	Bill and Melinda Gates Foundation	Running	Prof. Joram Buza
12	<i>Mama Kwanza</i> Socio-economic Health Initiative Project	Canadian Government	Finished	Prof. Joram Buza

13	Putting N2 fixation to work in smallholder farmers (N2 Africa)	IITA	Running	Prof. Patrick Ndakidemi
15	Singida Nutrition and Agro ecological Project (SNAP)	McKnight Foundation	Finished	Dr. Neema Kassim
16	Analysis of food and feed samples for their Aflatoxins Content for Africa Aflatoxin Information Management System (AfricaAIMS): Establishment and Operation of an Aflatoxin Monitoring System	AUC-PACA	Running	Prof. Martin Kimanya
17	Establishment of NM-AIST Medicinal Garden	UNDP	Finished	Dr. Musa Chacha
18	Preliminary study on aflatoxins exposure in Dodoma	Bill & Melinda Gates Foundation	Finished	Prof. Martin Kimanya
19	Development of acaricidal agents from <i>Commiphora swynnertonii</i> for management of livestock ticks for small holder farmers in Tarime District	RUFORUM	Running	Dr. Musa Chacha
20	Project for Enhancing the Health and Productivity of Livestock (PEPHL)	Bill and Melinda Gates Foundation	Running	Prof. Joram Buza
21	Bush meat	Defense Threat Reduction Agency (DTRA)	Running	Prof. Joram Buza
22	Raising crop response: Bidirectional learning to catalyze sustainable intensification at multiple scales	Kansas State University Sustainable Intensification Innovation Lab	Running	Dr. Neema Kassim
23	CREATES	World Bank	Just started	Prof. Martin Kimanya
24	Microcystin exposure, biomarker validation and application in human studies	Science Foundation Ireland (SFI) & Department of Employment and Learning (DEL)	Running	Prof. Martin Kimanya
25	Trial to establish causal linkage between mycotoxin exposure and child stunting	Bill and Melinda Gates Foundation	Starting	Prof. Martin Kimanya
26	Drivers of human elephant conflicts and their management implications: A case of Rombo area in	COSTECH, DAAD	Running	Prof. Anna Treydte

	Kilimanjaro region, Tanzania			
27	Invasive species management for sustainable ecosystem conservation in the Ngorongoro ecosystem, Tanzania	Government of Tanzania	Running	Prof. Anna Treydte
28	Understanding the importance of termite mounds and other nutrient hotspots for grazing ungulates in the Issa Valley ecosystem	Higher Education Student Loan Facilities of the Government of Tanzania, Potentially Whitley Fund	Running	Prof. Anna Treydte
29	African Science Partnership for Intervention Research Excellence (Afrique One- ASPIRE)	Welcome Trust	Running	Prof. Joram Buza
